Washington, Aug. 9.—Some pacifists held a meeting under the dome of the capitol today, demanded that congress stay in session until it had repealed the draft law, and voiced threats of an attempt to impeach President Wilson nless that was done. Senators and congressmen, invited to attend the meeting, under the auspices of the People's Council of America for Demorracy and Peace, dropped into the room and then dropped out again as the speeches proceeded.

The meeting was held in the senate military committee room, where a few weeks ago the draft law was drawn and perfected. How the meeting came to be held there developed considerable

feeting among senators. Chairman Chamberlain of the mili-tary committee said he had permitted the use of the room when Isaac Mc-Bride, formerly secretary to the late Senator Lane of Oregon, asked him for it "to have some friends meet some congressmen." The senator said he had no idea the place was to be used had no idea the place was to be used for an attack on the president. Louis P. Lochner of New York, a member of the Ford peace party, pre-sided. The burden of the speeches was that a majority of the people were op-posed to the draft law and that it chould be repealed. H. J.
